Introduction to Education Buying

Education Buying Group Limited is a public sector buying organisation

Vision & Mission

Our Vision

A **partnership** between three multi-academy trusts and their partners, Church Marketplace and 2buy2.com. Our passion to improve buying for schools is what we wanted to highlight with the creation of Education Buying Group Ltd.

Our Mission

EBG Ltd is a **not-for-profit**. Any surplus generated will be distributed back to the education sector via grants. Being able to give back to the schools and MATs we look after via grants only fuels the passion further. We are excited to see how much EBG can change the lives of the pupils in schools we help.

What we do

We work collaboratively to identify procurement needs in the education sector then tailor an education-specific tender process to procure for that Category
