- MAC monitoring meetings have recently been completed by the diocese. Feedback letters if not already issued will be sent shortly.

VA SCHOOLS GENERAL

- VASCA funding announcement has recently been made. The diocese as the responsible body was allocated just over £6 million at 90% for capital projects at VA schools.

Based on the DfE selection criteria of keeping school buildings safe and in good working order, tackling poor building condition, building compliance, (statutory testing & maintenance) energy efficiency and addressing health & safety issues; a total of 51 projects with a value of £6,240,541 million can proceed in this financial year.

- PE & sports premium. The DfE has recently announced a further relaxation of ring-fencing arrangements for the PE and sport premium. This will allow any unspent grant to be carried forward into the 2021 to 2022 academic year.

Any under-spends carried forward from the 2019 to 2020 academic year, and the 2020 to 2021 academic year, will need to be spent in full by 31 July 2022.

Schools should factor this into PE and sport premium spending plans. The 2020 to 2021 conditions of grant documents have been updated to reflect this.
